## Plans Meat Packing, Ice And Refrigeration

### Water Control Plan For Glades By Engineer Wallis

#### Lands Benefitted To Pay Additional Taxes For Benefits Received

Giving a definiteness and an official background to the oft repeated statement that many thousands of acres of the vast muck area are not suitable for farming, Turner Wallis, Esq., engineer for the Everglades Drainage District, offers a plan for study, criticism, improvement or change by the land owners based on the theory that you "pay for what you get" and offers no legal demand for financial outlay.

With accompanying maps of detail, Wallis gives authority of the Experiment Station, U. S. Soil Survey and U. S. Geological Survey data for his statement that approximately 62 per cent of the four and a half million acres within the district, for one reason or another, is unfit for farm use.

Another eye-opener for many is the showing that neither of the three canals—West Palm Beach, Hillsboro, and Lauderdale—has the capacity to serve the lands now developed and in process of being developed.

The Town of Belle Glade and all lands from the dyke to the Hillsboro on each side of the Hillsboro, and including lands on the cut-off canal from Six Mile Bend to Twenty Mile Bend are subject to the hazard of floods because of the inadequacy of the Hillsboro Canal. Lands along the cut-off canal are offered some slight assistance by the West Palm Beach Canal.

Benefits of the proposed improvements, aside from the agricultural lands immediately benefited are listed as follows:

Loss of soil from fires and subsidence would be retarded.

Water supplies would be restored and maintained throughout the Everglades.

Wildlife could be conserved and increased in the unutilized areas.

Municipal water supplies along the East Coast would be safeguarded.

Temperatures throughout the Glades would be moderated.

To provide another secondary benefit, it was recommended that the levees and dikes in the muck areas be protected with rock for use as roadways as well as to afford them protection.

"In future development," Mr. Wallis told the board, "it will be just as important to keep water on the Glades as to afford means of draining it off. We may find that much of the area classified as fit only for grazing may have even greater value for water retention."

"The present haphazard method of improving the district's water control facilities can only result in conflicting systems of water control, with continual

(Continued On Page Two)

### Glades To Benefit From Announced State Road Budgeting

H. B. Fultz, State Board member and N. S. Enry, district engineer outlined to the County Commission on Monday morning projects and funds set up in the 1945 tentative budget concerning this county.

The items listed are of immediate interest to this community are: Road 172 from Road 143 at the bridge to the packing houses and railroad at Chosen, approximately 7.7 of a mile \$96,720.80 and the road from the Hendry County line to South Bay, which is already under construction.

An item of widespread interest and speculation is Road No. 25 from South Bay to six-mile bend 10.15 miles for \$172,588.

No announcement was made concerning the exact route of the road. One that has been discussed is the present route to the southern city limits, east along the north side of section 5 to Road 25 just east of Town.

With the amount appropriated it is assumed that rock to rock is the construction to be followed in both the packing house road and the addition to road No. 25.

Benefit Card Party By Woman's Club Friday

With a generous supply of door and table prizes donated by local and West Palm Beach merchants, the Woman's Club will hold a benefit card party next Friday night at 8:15 at the Country Club.

Mrs. Bea Fleming chairman of ticket sales at \$1.00 each reports a heavy sale for the following games to be played, bridge, pinochle, poker, five hundred, rummy and bingo. Refreshments will be served.

Country Club To Inaugurate Weekly Card Game Series

Hitch Hitchcock, secretary of the Country Club is announcing for the Club a weekly card game series for members to be held each Thursday night at 8 o'clock beginning Thursday, March 16.

Gun rummy, pinochle, bridge or whatever you want will be taken to be a quarter will be taken to be in prizes and you may play your own game at your table.

504 Cars Left The Glades Past Week Despite Low Prices

Despite a shabby celery market and a distressing cabbage demand, half hundred cars of vegetables left the Glades this week.

Beans, and in some cases good second picking, brought close to the ceiling. Only 82 cars left the Glades this week of most of them were of good quality.

The following is the movement to date:

	North End	South End	this week	this week
Beans	49	687	17	802
Bills Beans	0	1	0	4
Cabbage	16	255	41	866

## The Red Cross Reaches Them All

### From Bucko To General

#### Efforts To Get 5,000 Colored Members Thru Payrolls This Week

Bea Fleming has her forces organized with "Bill Livingston" in charge of the efforts to get farmers to collect from field workers this week.

This serious turn of events in the Florida vegetable industry, according to LaMonte Gray, former manager, is giving growers a forecast of what they may experience after the war when more drastic steps are taken to mechanize the entire process of growing, processing and marketing.

Gray cited a number of reasons as being responsible for the critical situation that has developed and he reached far beyond temporary, emergency measures to find adequate remedy for conditions that, in his opinion, are bound to recur unless basic improvement is made.

"Supplies of cabbage, tomatoes, snap beans and other commodities have exceeded the demand for much of the month of February, and even lower prices may be expected during March unless weather disasters reduce the anticipated yield," Gray stated.

"Celery prices have been at a fair level, despite increased shipments, but this is attributed to the national shortage of lettuce. The Irish potato is the only major commodity which is selling at or near ceiling."

There are various reasons for the over-supply. Plantings of all commodities have been heavy, spurred on by reports of national shortages, and the willingness of the farmer to produce all he can. A disastrous fall season has been followed by excellent winter weather, which promises not only a bumper crop on the lower East Coast, but is boosting the estimates of spring yields.

### SERVICE MEN who FIGHT and WRITE

4,000,000 hours and about 35,000 miles logged on its sturdy Boeing Flying training planes, operates under the jurisdiction of the Eastern Flying Training Command at Maxwell Field, Ala.

Carl Rawls is the son of Mr. and Mrs. W. J. Rawls and is a graduate of Belle Glade High School class of '44.

L. T. WILLIAM B. HART "The war department has notified the relatives of Lieutenant William (Billy) Hart that he was killed in action on Feb. 13, in the mountains of Italy where he was serving as a pilot of a hedge-hopping bomber. He is the son of Mr. and Mrs. Maurice W. Hart of Miami and nephew of Mrs. J. I. Freedlund."

A former student of the Lockheed School of Aeronautics, "The Tropical West Point of the Air," at Lakeland, is Aviation Cadet William J. Rawls, Jr. where he is undergoing primary flight training. The Lockheed School, the 210th AAF Base Unit, now in its fifth year, with nearly

the Project and the several communities where colored are gathered.

In view of the fact that wages are at an all-time high, it is believed that the colored soldier and will contribute to this worthy cause if they are asked.

All labor is organized either under CIO or AF of L, and it has become very true.

"There are now 56,000 Puerto Ricans scattered throughout the world where Americans are fighting."

"Last year we bought from the U. S. \$150,000,000 worth of goods."

(Continued on page 2)

Dr. Leonard To Speak At South Bay

An announcement is being made by Mrs. Hardy, chairman that Dr. John L. Leonard will speak at the regular monthly meeting of the South Bay PTA Monday night at 8 o'clock.

Several musical numbers are to be given by students of the Junior High during the evening.

PVT. WM. E. EGLESTON "I am now a member of Uncle Sam's Infantry stationed at Ga. Plenty of sand, clay and pine woods. Monday I began my basic training which will cover a period of 15 weeks. I have loved two Palahoke boys here so much I don't feel so alone among strangers. They are Billy Bridges who is in another company and Johnnie Carr who is in my outfit. Most of the other men here are from Tennessee. I am looking forward to returning to Belle Glade for a furlough next June."

"Please place my name on the mailing list so that I may receive the Herald."

PVT. CARMON S. BOONE Private Boone of the Marine Corps writes from somewhere in the South Pacific: "Just to thank you for the issue of Dec. 15th Herald which I just received and had time to read everything in it, including the advertisements. Was quite happy to read about the far I haven't seen any of the

boys I know over here yet."

(Continued On Page 6)

## Glades Cattlemen See Solution Of Mutual Problems In Unity

### Interesting History On Puerto Rico Given By Speaker Delis

John Delis, an associate of the Okechanta Growers Cooperative, which is the Puerto Rican organization that is bringing in the first sugar mill from the island, gave the Rotary Club some interesting facts concerning his homeland, which is an island of 3,500 square miles, slightly larger than Palm Beach county.

"Discovered in 1493 by Columbus," said Mr. Delis, "Puerto Rico was a subject country to Spain with all public officials imported from the mother country, until 1898, when the Spanish were persuaded to give it up to the U. S."

"Following the outbreak of World War I when 18,000 Puerto Ricans were inducted into the American Army, full citizenship was given the island's inhabitants."

"Under the Spanish there were 300 public schools as compared to 3,000 under American sponsorship; there were 130 miles of improved roads under the Spanish, while we now have several thousand miles of concrete highways."

"Sugar and rum are the chief products of the island with timber, pasture, cotton, tobacco and coffee adding to these. There are 300,000 acres suitable for sugar cane culture, but the 500 acre law, which has been brought out of its mucky resting place is causing the large cane growers to seek the privileges of land ownership in Florida."

"Of the 2,000,000 population there are approximately 10 per cent negroes, and the political aspirations of these people are represented by three groups, namely: (1) those who wish statehood, (2) those who wish autonomy, similar to Canada's status and (3) those who want full independence."

"There are 1340 lawyers on the island and 812 doctors; the doctors do quite well, but with 1340 lawyers, the number of lawyers don't do so well."

"All labor is organized either under CIO or AF of L, and it has become very true."

"There are now 56,000 Puerto Ricans scattered throughout the world where Americans are fighting."

"Last year we bought from the U. S. \$150,000,000 worth of goods."

### Charter Asked, Priorities and Finance Requested By Local Group

With the crystallization of several years of consideration with packers, cattlemen, Bank of Cooperatives and farmers in some definite conclusions, Glades farmers and cattlemen are making application for a charter for a cooperative which has for its avowed purpose to own and operate a meat packing plant, ice plant and refrigeration, and the handling or processing of all agricultural products, and/or their by-products.

Mr. Hill, a local farmer, Mr. R. H. Wetherill, vice-chairman, Howard Hance as treasurer, J. H. Chamberlain and L. L. Jones as secretary, are the names appearing on the petition as incorporating directors.

"With the knowledge that there is a normal population of approximately 5,000 head of animals in the immediate territory being fattened for beef, and the further knowledge that thousands of additional acres are in process of preparation to be used for fattening, the desirability and necessity for a ready market for these becomes more apparent."

"The Bank of Cooperatives representatives on numerous visits to the Glades have greatly encouraged the use of their facilities for financing. The application for Charter and the proposed by-laws have been sent to Mr. A. H. Howard in Orlando for final criticism to insure their conformity with the Bank's requirements."

Charter membership in the organization is to be held open for approximately 60 days to allow Glades cattlemen and farmers as well as ranchers on the sand lands to become charter members.

An authorized or associate membership was discussed to allow retail grocers and markets to become a part of the cooperative plan. The packers and farmers are anticipated for refrigerated trucks to be used in delivery.

Storage and cooling rooms pertinent to a packing plant operation when considered, suggests that the Glades have a cooperative for the benefit of local farmers. A unit of 150 tons daily capacity with provisions for additional capacity is being considered for local farmer use in the shipment of vegetables. It was pointed out that a majority of ice used in Glades is being shipped from Miami at additional costs and no plans are evident of any improvement in this set-up.

"Carrying cattle fattened locally to Kissimmee, Okechobee or Ocala, or sitting here subject to the tax on priorities of Miami when a farmers' (Continued on page 6)

Under 29 Must Be Indispensable And Irreplaceable

"New Selective Service Regulations require the filing of new requests for occupational deferment for certain registrants," said Col. E. H. Brown, following his return from a Selective Service conference held in Atlanta recently.

For registrants ages 18 through 29, who have not been found physically disqualified, it will be necessary to file a DSS Form 42A (Special Certificate) following their return from a Selective Service conference held in Atlanta recently.

The state, and Sunday; the doubt the above, the actual recording sheet can be furnished upon request."

"I forgot to say that the machine wasn't on Bob Creech's place but was exposed on the land owned by Arthur Wells."

(Continued on page 4)

## ATTEND CHURCH—IMPORTANT

All Christian people ought to go to Church every Sunday unless hindered by sickness or necessity of some kind. It ought to be a matter of conscience, and an act of worship.

## THE CHURCHES

are the most important institutions in any community. The Sunday Service is the Church's principal way of doing its work.

It is THE EVENT of the Community life. Nothing ever happens in any community as important to the life of the community as the regular Sunday Services.

Every community ought to love its churches, and, at this appointed time, turn out en masse to honor HIM in whose name the church exists.

Contributed by the First Baptist Church, Belle Glade, where you are invited to come and find a happy welcome

## Social Happenings

C. A. Bailey is in Tallahassee this week on a business trip.

Mrs. James L. Kaler of Wilmington, N. C., is the guest of Mr. and Mrs. Ray Buck and daughter, Mrs. Donald Jones.

Mrs. J. W. Potter and daughter, Marie Albee, has returned from Okaloosa.

Johnnie Hawkins, RM 1-c visited here last week enroute from Norfolk, Va., to the Naval Base at Key West. Mrs. Hawkins

## New Plan Provides Hospital Care for Your Family

Includes Sickness, Accident, Childbirth—Information Free

A new plan that provides hospital care for either individuals or entire families has now been perfected by a 38-year-old insurance company—Northern Mutual Casualty Company. According to the provisions of its policy you are reimbursed for hospitalization expenses, including hospital room, extra charges, and surgeons' fees—total maximum benefit—\$750 per person. This protection is unlimited, in that the money is paid whatever the cause—sickness, accident or childbirth. The protection continues regardless of whether you leave your present job or whether you move to any other home in the U. S., Canada or Alaska. For complete information mail coupon below.

joyed. Chaperons accompanying the class were Miss Eva Bryant, Mrs. H. S. Emery and Coach Cook and one guest, Bob Hughes. The driver of the truck was J. A. Tedder.

Members of the class included Louise Emery, Ella Mae Hopkins, Elsie Ruth Harrell, Carolyn Freedlund, Jeanne Hooker, Joyce Reaser, Carolyn Hamilton, Doris Gaffney, Carolyn Mulcher, Beverly Hughes, Robert Taylor, Bill McClatchey, George King, Jimmy Chezem, Harold Wilcox and Don Barstow.

## NINTH GRADE HAVE SWIMMING PARTY

The ninth grade class held a swimming party at E. Lake Worth Pool Saturday and went to the show in the afternoon. B. T. Watson donated the use of his truck with LaBran Williams as driver. Chaperons were Mrs. George Williams, Mrs. B. T. Watson and Mrs. A. A. Kircel.

Students attending were Ann Kircel, Mary Eleanor Kidder, Billie Watson, Helen Friedman, Darlene Mobley, Marcella Odom, Louise Hamilton, Grace Eggleston, Carlene Cone, Julia Stacy, Odile Henderson, Mel Dell Browning, Mary Frances Hicks, Joanne Norman, Mary Williams, Harvey Ashley, Albert Stevens, John Breger, Carroll McDonald, Kenneth Edens, James Ball, Thomas Kinney, Robert Hummel and Eugene Hotaling.

## MRS. JONES HOSTESS TO T. E. L. CLASS

The T. E. L. Class of the First Baptist church held the regular meeting at the home of Mrs. Luther Jones Monday evening. Mrs. H. E. Jones, president, presided. The devotional was led by Mrs. E. Enlow and a review of a chapter of the class study book given by Mrs. H. O. Earwood. Following the business session refreshments were served by Mrs. Jones and cohostess Mrs. J. W. Rashley. They were assisted by Mrs. Jones' guest, Mrs. James Howington.

An announcement was made that the next meeting would be held at the Mrs. G. R. Townsend's home on April 2, and a pot luck supper served at 8 o'clock.

Those attending were Mrs. Otis Hayes, Mrs. I. L. Price, Mrs. J. O. Darden and guest, Mrs. Mab R. Wells, Mrs. C. P. Pennington, Mrs. W. J. Evans, Mrs. Ray Whitlock, Mrs. Norman Hayslip and Mrs. Sara Collier.

## SPRING RECITAL ANNOUNCED BY MISS HEARN

A spring recital by her students of pianoforte is being announced by Miss Eleanor Thornton Hearn, at the Woman's Club House Sunday afternoon at three o'clock. Students participating are Jane Morris, Jo Margaret Parson, Betty Pennington, Betty Lou Scarborough, Kaye Evans, Patsy Chanish, Jackie Royals, Kaye Lutz, Beverly Lutz, Monteen Doolittle, Florence Bore, Carolyn Earwood and Kenneth Lutz of Belle Glade.

Jeanne Hooker, Joan LeFils and Mary Elizabeth Hooker of Chosen.

Dorothy Strickland of South Bay.

Elsie Ruth Harrell and Norma Jean Armstrong of Brick City.

Phyllis Belk, Patsy Batchelor, Yvonne Lee Fraser, Lester Hatten and Donald Padgett of Pahokee.

Mary Eleanor Jernigan, Patsy Geiger, Patsy Maxson and Delena Jones of Canal Point.

The public is cordially invited to attend.

## BLESSED EVENT

Mr. and Mrs. J. Garcia of Tampa are announcing the birth of a daughter, Susan Gale, on March 1. Mrs. Garcia is the former Miss Lela Brannon who resided here several years.

Mr. and Mrs. Cleo Hauke

are announcing the arrival of a son at the Cleveland hospital on March 6.

## SOUTH BAY HAS FIRE

Floyd Royal had the misfortune to have his laundry destroyed one day last week. The clothing was sorted out on the floor awaiting the coming of the laundry man when it was ignited. Prompt measures on the part of a bucket brigade formed by hotel personnel and Fire Chief Meade Williams, who responded with a fire extinguisher put out the blaze before it could do any further damage. The Fire Department stood by but was not needed.

## Progress In Florida Beef Production Is Reflected at Ocala

The Southeastern Fat Stock Show in Ocala during late February demonstrated the facts that Florida girls and boys can raise as good beef as any in the country, that good animals of all prize-winning breed and that good quality beef herds can be bred up through the use of a good bull and common cows. It showed that Florida cattle raisers are improving the quality of their animals each year and expect to attain a place of front rank in the production of good cattle.

"Fairs and shows provide a means of recording the march of progress in livestock development," said W. J. Seely, animal husbandman with the Florida Extension Service, and the Ocala show certainly recorded progress all around."

For the first time in history of Florida shows a junior, Miss Jeanette Zetrower, took grand championship honors in the open classes with a 4-H club steer. Miss Betty Griffin, another 4-H girl, Billy Flewellyn champion in the FFA classes, and Mr. Sheely took a "string of good steers carrying plenty of finish."

They marched their cattle into their ring with the set of veterans, demonstrating their skill in showing as well as in feeding. Prices paid by the buyers were sufficient to encourage the juniors to continue in their cattle operations, the top prize of 50 cents a pound for the grand champion being recorded for Florida.

Also, for the first time in the history of Florida shows, all major beef breeds were represented in the prize winners—Angus, Herefords, Shorthorns, Brahmanes and Devons. Judges, buyers and packers showed no prejudice in favor of any particular breed, indicating that good animals in all breeds show and sell well.

Continued from page 1 and regularly engaged in, and is indispensable and irreplaceable in war production or in support of the national health, safety or interest." DSS Form 42A (Special-Deferred) should be obtained from the local board by the registrant or the employer and immediately filed for each registrant who meets the above requirements. On April 15, 1945, the local board will re-open the files of all of these registrants who remain classified in Class 41-A or 11-B and authorize the local board not to be considered unless the file contains a request on DSS Form 42A (Special-Deferred).

Regulations have been amended to provide (a) for the classification in Class 11-A and 11-B of a registrant age 30 through 33 when the local board finds such registrant to be "necessarily and regularly engaged in" an activity in war production or in support of the national health, safety or interest, and (b) for the classification in Class 11-A and 11-B of a registrant age 34 through 37 who is "regularly engaged in" an activity in war production or in support of the national health, safety or interest.

Registrants in the age group 30 through 33, or their employers, should immediately file with the local board a request for occupational deferment, provided the registrant meets the requirements stated above, showing in detail the occupation, position and efforts to obtain or train a replacement. DSS Form 42A is the proper form to be used in filing such requests and can be obtained from the local board. Registrants ages 18 through 37 who are qualified for military service or qualified for limited service only, may be placed in Class 11-A or 11-B provided such registrant is "regularly engaged in" an activity in war production or in support of the national health, safety or interest. DSS Form 42B should be used in filing this information with the local board.

Employers and registrants who are in doubt as to the proper procedure should immediately contact the nearest local board where they can obtain full information.

## ODT TO RECOMMEND

Continued from page one waterways and cold and dry storage warehousing.

"Because of the increased requirements of the Armed Forces," Mr. Cochran said, "comparatively few men in the transportation industry can be deferred. Furthermore, the number of men to be inducted into the armed services during the coming months will greatly add to the transportation shortage which is now seriously handicapping all the branches of transportation."

As claimant agency for transportation deferments, the ODT is requesting transportation employers to submit lists of key workers in the 18 through 29 age group in the order of their indispensability, placing those whose loss would be most serious first on the list. Under the new procedure no distinction is being made between men over, and those under 26 years of age; all registrants 18 and 29 years of age being treated as a single group. There is no change in procedure for men 30 years of age and over.

Mr. Cochran explained that no man may be certified for deferment if he is not doing work classified as indispensable, if he can be replaced by someone doing less essential work, if another recruit or transferee can be trained to do his work in three months, or if he is doing any work connected with postwar production.

In order to have employees certified by the ODT for deferment, employers in the transportation industry must submit, in addition to lists of their employees under 30 years of age, two sets of Selective Service Form 12A, (Special Deferred) and a certification that the lists and forms are being submitted to only one certifying agency. A fixed percentage of those on the list may then be certified by the ODT to selective service local boards for deferment. Final selection as to whether a man will be deferred or not will rest with the local boards.

The lists, in quadruplicate, should include the names of all men under 30 years of age on January 1, 1945 who were classified at that time as 2-A or 2-B and should not include any part time workers.

Other information to be submitted with the lists includes the number of employees as of Jan. 1, 1945 exclusive of part time employees and the name of each registrant, his age, occupation, place of employment, selective service order number, local board number and selective service classification.

Applications for deferments of

essential employees of automotive maintenance, and highway and local transport companies will be handled by the District Offices of the ODT Highway Department. Included in the list of essential activities for which the ODT District Offices may make deferment certifications in these industries are the operation and maintenance of over-the-road trucking, and over-the-road tank-trucking, pick up and delivery local trucking and from live haul carriers, local transit, rapid transit, and interurban electric railway services and repair and maintenance of all automobiles, buses, trucks, tractors, farm equipment and tires. A though no deadline has been set for submission of the high-

way and local transport lines, the ODT pointed out that it will be to the advantage of the companies concerned if these lists are submitted to ODT District Offices as soon as possible.

The names listed should only include those who are employed in automotive maintenance and highway and local transport companies within the state in which the ODT district office is located. In cases where a man may work in one state and be paid by an office located in another state, his name should be included in the list submitted in the state in which he works at all those presently employed. The men listed should include whether or not they were in the firm's employ in January 1, 1945.

After your truck has been through our shop you can tell by the way it runs that our treatment is good and thorough. It takes men who know all about motor trucks to make expert repairs. Our mechanics qualify for this important work. And they're hard at it these days doing all they can to keep more trucks rolling.

Your truck also appreciates good replacement parts. We sell the best—genuine International parts that are identical with the original parts built into International Trucks at the factories. Order your parts now from our big stock.

New trucks will be scarce for some time to come. A few will be available in this community for essential civilian hauling. We will be glad to help you make out the necessary application. But the big thing is to keep your present equipment in the best possible shape. That's the important job we'll do for you whenever you say.

"Here's the  
Red Cross Clubmobile!"

Somewhere in England... a Red Cross Clubmobile draws up beside the big bombers just back from a mission. Tense and weary, the crews catch sight of the familiar Red Cross... and for a precious moments tired bodies relax, grim faces break into grins.

For this is a bit of America, this Red Cross Clubmobile... and fortified with hot coffee and "sunkers" and good natured kidding with the Red Cross girls, our fighting men are home again for a little while.

These Red Cross "clubs on wheels" are equipped with doughnut machines, writing paper, magazines, hometown newspapers, refrigerators and the latest record. To secret Navy bases in Europe go special Red Cross "Fleetmobiles" to serve our men who've been long months at sea... A

"Trainmobile" reaches our soldiers along lonely stretches of the Persian railway over which vital supplies flow to Russia. The "Cinemobile" carries moving picture equipment to entertain GI's in far-off jungle outposts.

You, too, help carry the memory of America to our men across the world when you give to the American Red Cross... because you are the American Red Cross! Keep the Red Cross at their side!

NORMAN L. MILLER  
 Owner and Manager

**SOUTH BAY  
 BEAN CITY  
 LAKE HARBOR**

Haywood Byrd, son of Mrs. Ralph Station of Lake Harbor, recently completed his boot training at Brainbridge, Md., and enjoyed a short leave at home before returning to take further training.

Mr. and Mrs. Oren Miller of Ft. Lauderdale visited relatives at South Bay Sunday.

Ronald Kieth Martin, youngest son of Mr. and Mrs. O. H. Martin, is recovering at the F. A. hoke hospital from an appendectomy.

Mr. and Mrs. Roy Yates and Howell Goodbread A S 3/c of Miami, visited Mr. and Mrs. P. E. Goodbread and family Sunday.

Mr. and Mrs. Denver Hobbs are the parents of a baby boy born last week.

Mrs. "Shorty" Shiver moved to Ft. Myers last week to remain as long as her husband is stationed there.

J. W. Strickland has returned from Palatka where he attended funeral services for his late aunt, Mrs. E. M. Strickland of Belle Glade.

The Florida Power and Light are installing flood lights to service the South Bay Industrial Center and Packing House district.

Mrs. Edwin Best is leaving for Jacksonville to visit her son, Vernon, who is on leave following the completion of his boot training at Great Lakes Training Station.

The Matron's Circle of the First Baptist church have changed

their time of meeting from Thursday to Monday evenings at 8 o'clock. The group is composed of young married women of the church and meets each week at the church.

Mrs. J. W. Beard, sister of J. C. Bass, and son Malcolm, CM 2/c, who recently returned from 22 months overseas service in the South Pacific with the Seabees, have returned to their home in Tampa after a weeks visit in South Bay.

Mrs. R. A. Roberson, who has spent the last month in Manhattan with her husband, Coastwin Roberson, returned home this week.

James V. Allen, SF 1/c, left Wednesday to return to his ship after spending his leave with his parents, Mr. and Mrs. W. C. Allen.

Mrs. Eugene Hatcher, daughter of Mr. and Mrs. J. P. Prevatt of Bean City, who recently returned to the Glades, has accepted a position at the City Hall in Belle Glade and will make her home with her husband's mother until his return.

MRS. V. N. GREER ENTERTAINS FOR SON

Mrs. V. N. Greer entertained Friday evening in honor of the twelfth birthday of her son, Vance. The evening was pleasantly spent in games and conversations.

Refreshments were served to Louis Kelson, Thomas Williams, Horace Wikerson, Ray Lee, Earl Messer, Willis Warren, Francis Westberry and sister, Buck Cobb, Ralph Goodbread, Richard Byrd, James Layfield, Hilda Wheeler, Ruth Warren, Doris and Verna Martin, Betty Lee, June Ratley, Viola Haven, Helen Hardy, Uva McAllister and Bertha Davis.

MISS MAXINE WALKER HAS BIRTHDAY

Mrs. D. H. Walker entertained at her home Saturday evening in honor of the eighteenth birthday of her daughter, Miss Maxine Walker. The young people were entertained with games at the family home, adjoining to the Cozy Corner Cafe for refreshments.

Guests included Claudine Chambers, Dorothy Layfield, Marian and Carolyn Mutchler, Wallace Garrett, Sue and Joe Cherry, Mr. and Mrs. Shorty Shiver, Frances Hatch, Claude John, Jean Hooker, Louise, Friedheim, Herbert Lloyd, Billy Bearden, Don Barstow, Lillian Lockmiller, Lucille Walker, Betty Walker, Jewel Barnes, Bobby Newman, Billy Jeffries, Louise Mackey, Billy Cromartie, Ray Hardy, Elsie Ruth Harrell, Merrill McAllister, Rayford Hall, Hoch Cooper.

MR. AND MRS. SHIVER ARE ENTERTAINED

Mrs. Ralph Mackey and Mrs. David Lynn entertained at a buffet supper at the A. O. Walker home Saturday evening in honor of the newly weds, Mr. and Mrs. "Shorty" Shiver.

Other guests included Mrs. Mallie Fay Walker, Miss Louise Taylor of Belle Glade, Rev. David Lynn, Miss Dorothy Walker, Donna Fay and Roger Walker.

R. A. BAYS HAVE WEINER ROAST

The R. A. boys of the Baptist church enjoyed a weiner roast on the Joe Cato lawn Friday evening under the direction of Rev. David Lynn, Marion Vowell, Jimmy and Delbert Hardy, Billy Joe Ratley, Buddy Register,

Dale Cato, Mrs. Lynn and Mrs. Cato attended.

The line crew reports installing two additional circuits for the Bell Telephone Company from Belle Glade, four new wires as far as Bean City and one new circuit to Clewiston. A construction crew out of Montgomery, Ala., is doing the work.

The Brinson Construction Co., which has the contract for the new surfacing of the highway to the Hendry county line has now completed the work for a distance of four miles running east from the county line. D. H. Stoll, supervisor of the work, states that they expect to complete their contract within the next two months.

The Young Matron's Missionary Society of the South Bay Baptist church held the monthly program meeting on Thursday night. Mrs. Floyd Abstein presented a program on the subject, "God at Work on Home Mission Fields." She was assisted by Mrs. Marvin Miller, Mrs. Leonard Keene, Mrs. Floyd Wil-

son and Mrs. Jesse Barnes. Mrs. Thomas Weathers led group singing accompanied by Mrs. David Lynn.

The program was followed by a short business meeting and it was agreed to hold the weekly meetings on Monday night. Young married women 16 to 23 are urged to attend.

*You'll never know...*

It's the waiting that gets you down... thinking... will you ever get home again? why don't they write more often... did Dad ever get over that heart trouble... is your best girl still waiting... will you ever get a job again... And then, something says to you... Like the day the Red Cross field man got a cable that your Dad was well. And the time Red Cross girls came up with doughnuts, coffee and million-dollar American smiles. Then Christmas came. And the Red Cross girl at the club made you trim a palm leaf Christmas tree, and you all had presents and sang the old carols, out there in the hot tropic night. Maybe it doesn't sound like much. The Red Cross does a lot of bigger things... such as collecting blood plasma for the wounded... sending food packages to prisoners of war... clothes for bombed-out kids. But to us, home seems just a little nearer, because your Red Cross is with us. Americans: To keep at the side of your fighting men, your Red Cross must have funds. Contributions from you are the only source of income. Millions of our men are still far from home. They need your Red Cross... they must have it.

Keep your

## Belle Glade-Clewiston Tournament Is Begun Here Sunday

A home and home arrangement between a fifteen man team from Clewiston and a local team by which a two or three match tournament is to be played was begun here Sunday afternoon with the local boys the winner by a big majority.

This coming Sunday the locals will journey to Clewiston to see if they can duplicate the win of last Sunday.

After the games the ladies of the local Country Club served a covered dish buffet supper to visitors and home folks alike.

Photo by Jay Sample  
BETZNER-MOORE TUPITAL  
VOYS ARE SPOKEN

In the candlelight setting of palmfronds and ferns, banked against the altar and a floral arrangement of white gladioli and pink carnations, Miss Zelma Glennia Betzner, daughter of Mr. and Mrs. L. C. Betzner, was given in marriage by her father to William Dickie Moore in the Community Methodist church, Friday afternoon at four o'clock.

The service was solemnized by the Rev. Jay O. Janssen in a single ring ceremony. Vocal solos by Mrs. Gene Conwell and Mrs. Walter Granger who sang "I Love You Truly," and "Beneath" were accompanied on the organ by Miss Beverly Lutz, who also played the wedding marches. The bride wore a white Palm Beach suit with matching accessories and a hat of white flowers and illusion veiling. She wore a shoulder corsage of orchids and carried a white prayer book. Her maid of honor, Miss Rebelle Logan of Palokoe, wore a suit of aqua blue with white accessories and gardenia corsage, and the flower girl, Betty Reeves, niece of the bridegroom, in coral dress and bonnet carried a basket of rose petals which she scattered in the path of the bride.

The best man was Jerry McKee, and ushers were Flight Officer James William Murphy and LaBron Williams. The mother of the bride, Mrs. Betzner, wore a light blue flowered crepe with white accessories and a corsage of pink roses. Mrs. Moore, mother of the bridegroom, was in royal blue crepe with white accessories and a white rosebud corsage.

A reception was held at the home of the bride's parents following the service, and the three-tiered wedding cake was cut by the bride and groom. Those assisting were Miss Fernie Torbert of Gumbo, Mrs. Jerry McKee, Mrs. Rosa Nash, Mrs. Camilla Meyton and Mrs. Rebelle Logan who had charge of the bride's book.

Mrs. Moore who is a graduate of the Belle Glade High School, class of '43, of which she was secretary, and prior to her engagement was a sophomore at the Florida State College for Women where she majored in physical education.

Mr. Moore is the son of Mr. and Mrs. J. C. Moore of Clearwater, and a graduate of the Clearwater High School. After receiving a medical discharge from the Navy, he attended the University of Florida where he was a member of Pi Kappa Alpha fraternity.

After a wedding trip to Fort Lauderdale and Miami, the young couple will make their home here where Mr. Moore is associated with Florida Power and Light Company.

**GLADES CATTLEMEN**  
Continued from page 1  
beef cattle are ready for market makes you realize the necessity for a local market.

Florida grass fattened steers are now being shipped to Ohio, Indiana, Michigan, and even as far as Iowa for corn finishing, processing through a packing plant and being sent back to us here for consumption. The freight on the live animal to the cow belt and that of the beef back here will show a margin of profit that is enticing. The thickly populated coasts of south Florida, added to our own territory around the Lake offers an immediate and crying market for beef.

Hogs are to be butchered also according to plans to give the packing plant a well rounded source of supply for its grocer and market customers.

The aid of Nathan Mayo, Dwight Rogers and Claude Pepper is to be sought in securing WPB priorities for the packing plant material and equipment as well as the live manufacturing equipment.

## War Prisoner Camp Being Constructed

The German war prisoner camp for 250 inmates is being prepared on Road No. 25 west of the Experiment Station on land rented from W. R. Hooker.

The demand for prisoners of war for this agricultural section was five times those that are being sent because of the heavy demand at other places. Only the ransoming plant is to be furnished from this camp.

The prisoners are expected to be here when the spring bean crop is ready for the cannery.

## Homestead Blanks Ready For Signature

Town Clerk Dutch Wallis announced that he is in possession of exemption applications for the county tax as well as those for the Town.

You have until April 1st to stop by and sign these applications, and they must be signed each year.

## Paul Smith Low Bidder On Pipe Installation

Paul H. Smith, Construction Co., of Miami, Fla., is the successful low bidder on the contract to install the pipe line to Lake Okechobee and the construction of the pumping unit at the Lake inlet.

There was a difference between the low bidder and the high of better than \$38,000 with the low bid being \$32,070. The next nearest bid was about \$40,000 and the third best \$53,633. The pipe is expected to be laid about April 1st and work is to be begun immediately after it arrives.

## Get Ration Tickets If You Give Meats Away

Because farm slaughtered meat is included in the monthly allocation of meat available to civilians, it is important that ration points be collected for sales or gifts of such meat and turned over to OPA. Otherwise, those

who cannot produce their own meat are denied a fair share of the meat supply.

Farmers who raise livestock and are allowed to slaughter without food permits from the War Food Administration may consume the meat in their own household without paying points to OPA.

But for all gifts or sales of such meats farmers are required to collect red points and turn them over to OPA through local War Food Administration offices. Farmers sell livestock to a person and farmer must collect points for them slaughterers it for him, the meat resulting from the slaughter.

Farm slaughterers, as well as commercial slaughterers are required under the wartime laws of our country to collect points and turn them over to OPA monthly. Failure on the part of farm slaughterers to do so does as much injury to general welfare as would the failure of packing companies to abide by the rationing regulations.
